

## 7.5. HortPlus MetWatch daily forecast

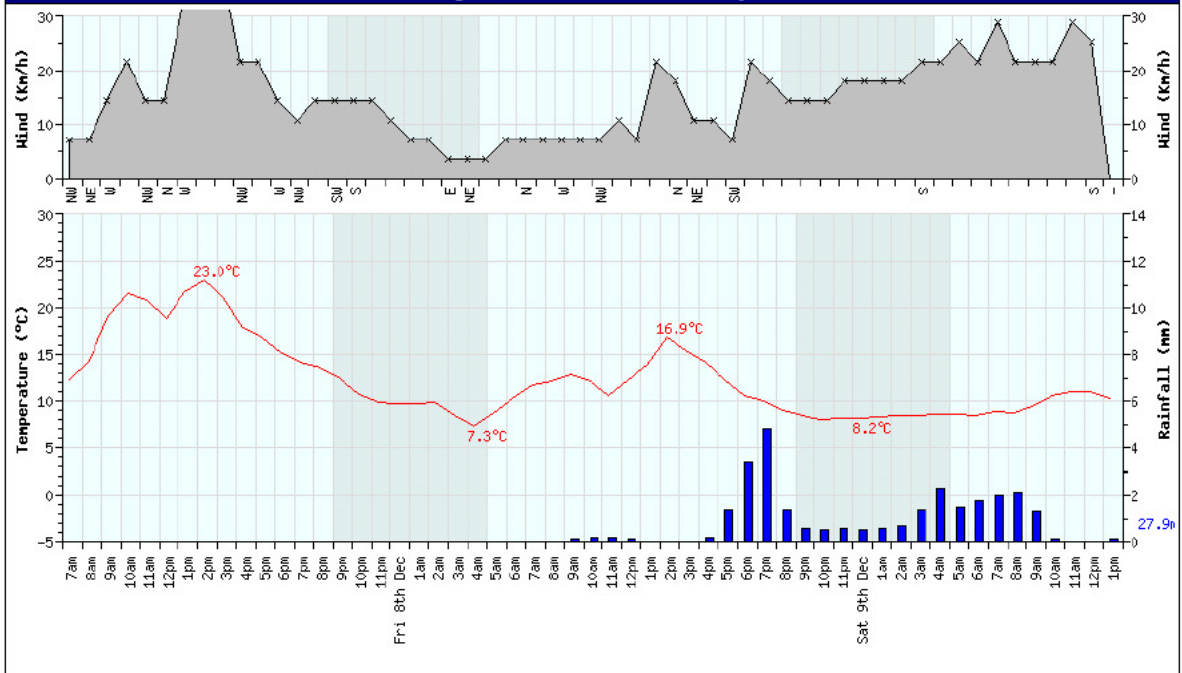

### National Outlook

A ridge of high pressure covers the North Island on Thursday. We are reasonably confident that a cold front moving across the South Island tomorrow, reaching the North Island on Friday. Cold south to southwesterlies sweep over New Zealand in the wake of this feature, slowly weakening on Sunday.

### Regional Forecast For Canterbury, Max/Min Forecast For Lincoln

Thu, 7-Dec	22	9	High cloud increasing with rain on the Alps this afternoon. Northwesterlies, strong and gusting 70 km/h in exposed places by midday. A cool southerly change late afternoon or evening brings showers.
